Starting pistol fired for GIFA, METEC, THERMPROCESS and NEWCAST 2011

Exhibitors can register online with immediate effect

June 2011 will see the international trade fair quartet GIFA, METEC, THERMPROCESS and NEWCAST kick off in Düsseldorf. Under the motto "The Bright World of Metals" the topics foundry technology, metallurgical technology, thermal process engineering and cast products will again be at the focus of global attention. As from now all interested companies can register as exhibitors for these four technology trade fairs. All necessary registration documents can be found on the website in the Exhibitor Area at www.gmtn.de. This web presence contains detailed information on product groups, application areas, side events and prices for each individual trade fair. Companies that already exhibited at GIFA, METEC, THERMPROCESS or NEWCAST back in 2007 will benefit from a simplified registration procedure only having to enter their old password to access their already filled out online registration form.

On GIFA, METEC, THERMPROCESS, NEWCAST 2011

The four international technology trade fairs GIFA (International Foundry Trade Fair), METEC (International Metallurgical Technology Trade Fair), THERMPROCESS (International Trade Fair for Thermo Process Technology) and NEWCAST (International Trade Fair for Precision Castings) are held from 28 June to 2 July 2011 in Düsseldorf. They will be supported by a high-calibre programme of side events including numerous seminars, international congresses and lecture series. The focus of all four trade fairs and the accompanying events are energy and resource efficiency.

At its latest staging in 2007 GIFA, METEC, THERMPROCESS and NEWCAST posted a total of 1,700 exhibitors from 34 countries and about 72,000 international guests from 84 nations. The net area
