

ÜMIT ÜNAL PRESENTS "NAMELESS BIRDS"

– MANY INTERNATIONAL EXHIBITORS AT THE SUPERIORS AREA

One of the top acts at **CPD SIGNATURES** will be the fashion show by Ümit Ünal. The globally successful Turkish designer shows his avantgarde collection "nameless birds" here. Eleven years ago he participated in CPD for the first time where he started his international career in Düsseldorf.

"The show by Ümit Ünal is a very special highlight," says Elke Sautter, Project Director of **CPD SIGNATURES**, and goes on to say "both the avantgarde collection and the music inspire the senses. The designer's sister, Sevtap Ünal, composed a symphony especially for his show."

Ümit Ünal's collection "nameless birds" was inspired by two Englishmen: The writer Thomas Hardy and his favourite singer Antony Hegarty. His new collection has an androgynous slant that is artistically demanding. Ümit Ünal uses mill-washed, non-dyed silk and coarse linen. He presents long dresses, jackets as well as shirts and trousers in new shapes on the show stage of Fashion Hall 13.

The other high-quality avantgarde collections that trade visitors can find at the **SUPERIORS** area include: ALEXANDRA SCHIESS | ANDREAS WERNER | ANNIKKI KARVINEN | AZIZI | BARBARA REIS | COCON COMMERZ | DIEGO REIGA | ESMERALDA | GUDRUN GRENZ | HYPNOSIS | MAYER. PEACE COLLECTION | NELLY JOHANSSON | OSKA | RUNDHOLZ | SENATEX | SULU | THE SWISS LABEL | THANHMINH | TRIPPEN | ÜMIT ÜNAL | YIANNIS KARITSIOTIS | ZEITLOS BY LUANA MODEN to name but a few.

"Düsseldorf is as important as ever as a business platform," says Mirjam Dietz, Executive Director Fashion, and adds "we are committed to further strengthening Düsseldorf for the future. Following the next **CPD SIGNATURES** in February 2012, after 30 years of "CPD" at the exhibition centre, we will re-chart the course at the German location: THE GALLERY DÜSSELDORF to be held from Summer 2012 in a new venue at the Areal Böhler premises; and this at the familiar dates with full marketing potential, both national and international, especially with a view to Eastern Europe."
